Computer Science student at the University of Ottawa with hands-on technical support experience at York Region. Skilled in programming, system design, and database management, with strong problem-solving abilities. Proven track record in improving IT operations and delivering user-focused solutions. Team-oriented, with excellent communication skills and a passion for software development. Seeking a software engineering internship for Summer 2025 to further develop technical and leadership skills.

Experience

York Region, Service Desk Assistant | May 2024 – August 2024

- Provided first-level technical support to employees, resolving hardware and software issues, ensuring minimal downtime.
- Assisted with the installation, configuration, and troubleshooting of various systems, including desktops, laptops, and mobile devices.
- Managed ticketing system to track and prioritize incidents, ensuring timely resolution and escalation when necessary.
- Collaborated with IT teams to improve support processes and contributed to knowledge base articles for common issues.
- Delivered exceptional customer service, fostering strong communication and problem-solving skills

Director of Academic Affairs for the CSSA | September 2023 - May 2024

- Organized events, including a Nokia office tour, and led student outreach efforts.
- Gained teamwork, leadership, and event coordination experience.
